E X P E R I E N C E

Web Developer Intern 24/10/2018 – 25/11/2018

W.E.R.P India

Women Empowerment through research program is an N.G.O. initiative for women. I worked here with a team of web developers and was responsible for designing and developing the NGO's website – <http://werpindia.org/>.

Web Developer Intern 1/10/2017 – 1/11/2017

Education Planet

Worked on the website to develop it using HTML, CSS, JavaScript, Bootstrap. I worked here to develop and deploy the organization's website – <http://educationplanet.org.in/>.

P R O J E C T S

Reviewed

GitHub - <https://github.com/singhadarsh0403/Reviewed/>

- The application generates a company's health score by scrapping reviews from different sites like indeed, kununu, etc using puppeteer.js; and the sentimental analysis done over the recent tweets with the company's tag.

Krishi Sarlikaran (Agro Facilitation)

GitHub - <https://github.com/singhadarsh0403/Agro-Facilitation/>

- Node Weather application to forecast weather and suggest damage preventable remedies. Used map-box, geocode APIs to fetch current location and predict weather conditions. Data from <https://farmer.gov.in/> was used to suggest remedies.

A C H I E V E M E N T S
